

APRON Inc is so grateful for all the support that Unbridled Eve has given us through the years.

When we were a young, start-up not for profit, being asked to be part of Unbridled Eve's giving program made us feel as if we had arrived. Being able to say that we are an Unbridled Eve recipient certainly opened doors for us that we couldn't open for ourselves, and knowing what an amazing group of charities we were included with made us very proud indeed.

This year, more than ever before, the donation we received couldn't have come at a better time. Since all the restaurants were closed down the workers need for rental and utility assistance was at an all time high. We were able to pay utility bills for over 60 families with the donation from Unbridled Eve.

Tonya, Tammy, and the crew do such an amazing job year to year, I hope Louisville knows what a treasure it has.

Gary Fox  
President, APRON Inc.
