

Unbridled Eve has been an integral part of Blessings in a Backpack's growth since its inception in 2012. Tonya and Tammy's introductions to those attending and sponsoring the event and donations from this have resulted in over \$3 million given to Blessings over the years, allowing us to feed thousands of children both locally and across the United States. Thanks to this wonderful event and the support we receive annually, we can help so many kids who might otherwise go hungry.

Brooke Wiseman  
CEO, Blessings in a Backpack
